At JM Family Enterprises, our story begins with great people. We take pride in creating an inclusive workplace with associates who inspire action and create impact in business and in the communities where we live and work. That's what we do across our company, and it started with our founder Jim Moran in 1968.

Today, our strength in business is matched by our commitment to giving back across three focus areas: Empowering Families, Promoting Education and Embracing the Environment. And, with our nonprofit partners and the support of more than 5,000 associates companywide, we are driven to create an impact now and for the road ahead.

As the leader of Inclusion, Diversity, and Philanthropy at AvalonBay Communities, it was an honor to join you at this year's National Urban League's 2025 Conference—United for Equity: Empowering People, Strengthening Communities.

This theme resonates deeply with our mission at AvalonBay. We believe that thriving communities are built on inclusion and opportunity—and that these values must be lived every day, not just spoken.

The National Urban League has long been a guiding force in this work, advancing civil rights, economic empowerment, and community development for over a century. At AvalonBay, we share this commitment. We know that inclusion and opportunity must be embedded in how we hire, how we lead, how we invest, and how we show up for the communities we serve.

Through our philanthropy and associate engagement, we are working intentionally to close opportunity gaps and create pathways for people to thrive—especially those historically excluded from decision-making spaces.

We are proud to stand alongside the National Urban League in this journey—because the future we believe in is one we must build together.

—Scott Ballina

Sr. Director of Inclusion & Diversity and Community Impact

Well-being, multiplied.

Together, we remain steadfast in our commitment to building a stronger, safer, and more equitable future for all.

INVESTED IN COMMUNITIES THAT POWER US

It's one thing to do business in the U.S. It's another to be invested in its future. A future that can be thoughtful, prosperous, and smoke-free.

We don't sell traditional cigarettes in the U.S. Instead, we're focused on purposeful innovation—offering legal-age adults who smoke a better path ahead.

We're invested in science. Delivering innovative, science-backed, FDA-authorized smoke-free products.

We're invested in responsibility. Committed to ensuring our products are only for adults 21 and over with strict age verification and responsible marketing practices.

We're invested in community. Since 2022, via community and national partnerships, we've granted over \$25 million to organizations supporting military veterans and their families, disaster relief, and economic empowerment.

Because our investment in America starts right here in Florida.
